NN AMBASSADORS PROGRAMME 2021

We are currently looking for people aged 18+ who are **not in education or employment** to join our unique Ambassador Programme. Maybe you have been affected by redundancy or perhaps you've always wanted to work in the arts but don't know where to start? Applicants should be currently living in one of the following areas: Milton Keynes, Northampton, Corby, Kettering, Daventry, South Northamptonshire, Cherwell, Aylesbury Vale, Bedford or Luton.

The programme commitment will span over approximately four months, which will include attendance at online talks, workshops and CPD events as well as one to one mentor meetings and self-learning. There will also be the option to undertake a Silver Arts Award accreditation as part of the scheme.

The NN Ambassador Programme is a tailored CPD training that develops sector-specific and wider employability skills within the cultural and creative industries and beyond. Our Ambassador Programme diversifies the future workforce through the development of business, enterprise and entrepreneurial skills to open up entry to the sector.

NN is committed to creating opportunities for those wanting to access career paths in the creative and cultural sectors, develop their self-confidence and overcome barriers to ensure that our workforce represents the diverse make-up of our society.

The training and skills development embedded within the programme will prepare participants to seek and secure employment, for which we will help them source opportunities and apply through the scheme.

Ambassadors will develop skill sets, knowledge and experience to become freelance practitioners/workers, apply confidently for jobs within the creative and cultural industries, identify transferable skills into other employment or be signposted to opportunities within our partner network. They will also be guided towards training and development in order to equip themselves further to achieve employment.

For more information please visit our website:
